

## Shape of a City

Explore [Nathaniel Rackowe](#)'s outdoor sculptures, where the artist takes Beirut as a point of departure to investigate the ever-changing nature of cities, and their continual destruction and renewal. Originally presented in June 2018 at Letitia Gallery, the sculptures are now extended beyond the walls of the gallery, and sensually lit for nighttime appreciation.

[Martyr's Sq & Souks, Downtown.](#)

**Until January 2019**
